

THE NEW

RAYMOND RECORDER

No. 8 Vol. 1 Thursday, May 4, 1950

A man would be more satisfied with his lot if there was a house on it.

Temple Hill Cemetery

The Temple Hill Cemetery Board is renewing its campaign for the beautification of the cemetery. All interested should make arrangements before June 1st for this work to be done as the Board cannot undertake any further obligations after that date.

The beet planting in the Raymond district is approximately 20% completed while the Taber area planting is almost half done. The overall plant of beets is said to be approximately 50% accomplished. Moisture conditions are better than they were last year at this time and according to factory officials are considered good. The labor situation is also satisfactory. More mechanical thinning will be done this year than in the past. The contract acreage for this year sets a new record of 37,000 acres compared with last years record of 32,000 acres.

Stirling News

(Mrs. Lief Erickson)

Mrs. Ethel Queener of New Dayton visited here on Sunday, guest of her sister's family, Mr. and Mrs. Warner Jensen.

Jim Tillack, Clifford Christensen and Bud Oler of the R.C.A.F. all spent a week-end leave here. They are at present stationed in Calgary.

Mrs. Winona Nelson, accompanied by Mr. and Mrs. Lawrence Babb of Raymond, left by car last week for Salt Lake City. After a short visit they will be accompanied on their trip by Mrs. Nelson's mother, Mrs. Mae Burke of Murray, Utah, who will spend the summer here.

Guests at the home of Mr. and Mrs. William Mertz over the week-end included William Nelson, also Mr. and Mrs. Albert Nelson and family of Mountain View.

Gracie Christensen, R.N. of the Galt Hospital staff spent Sunday at home with Mr. and Mrs. Harold Christensen.

Local Lions and wives attending the "Ladies Night Party" at Lethbridge on Friday evening included Mr. and Mrs. Perry Barton, Mr. and Mrs. Darwin Oler, Mr. and Mrs. Carl Young, Mr. and Mrs. Earl Nelson and Mr. and Mrs. Harold Christensen.

Mrs. Paul Ivie has returned home after spending three months with her daughter, Mrs. Hillary Jones, in Tacoma, Washington.

Sunday dinner guests at the home of Mr. and Mrs. Lynn Hirsche were their daughter, Maurine and Miss Grace Stewart of Lethbridge.

Margaret Stapely and Myrna Barton spent a week-end at Warner with Mr. and Mrs. Donald Barton recently.

At the Sunday evening church service the program was by the members of the Coutts Branch. Presiding Elder Frank Rogers and Mrs. Rogers were principal speakers giving addresses which were greatly enjoyed by the listeners. Mrs. J. Legier very ably gave "The Touch of the Master's Hand" as a reading after which Mr. Legier rendered a very pleasing vocal solo, "The Stranger of Gallilee", accompanied at the piano by Miss Rogers. Mrs. R. Collett of Coutts also accompanied the group.

The M.I.A. drama group travelled to Milk River on Thursday evening and presented their comedy, "Dora Dean". A good crowd attended the show, the proceeds of which will go as a fund for the Girls Camp.

A family gathering was held last week at the home of Mr. and Mrs. Perry Barton. Mr. and Mrs. Ernie Vines and Mr. and Mrs. H. Clements of Magna, Utah as well as relatives from many points in the district were present.

ROTE SPOKES

Fifteen Rotarians, together with five invited guests, met for their weekly meeting in the Legion Hall, May 1st. A lovely dinner was served with dispatch by the Ladies Auxiliary. The meat course of ham was undoubtedly served in honor of Jim Meeks.

Stewart Card presided over the gathering. His announcement that Jim Grant had indicated his intention to join our Club was enthusiastically received by the members. A sing-song was ably led by Myron Holmes, assisted by that virtuoso of the piano, Frank Taylor. Again in honor of Jim Meeks, all present barbershopped on "Home on the Range".

Mr. L. C. Halmrast, M.L.A. for the Warner constituency was our guest speaker. Frank Taylor, in introducing Mr. Halmrast, advised that he would give a brief report on the last session of the Provincial Legislature, particularly as it pertained to our local interests.

Mr. Halmrast reported that at the last busy session the most contentious bills were the "County Act" and the "Jockey Bill". Both of these bills having had an abundance of previous press coverage were not dwelt on at too great a length by the speaker. He did comment that the Jockey Bill had incorporated in it some provision for liquor rights and it was over this point that the most opposition was raised. The County Act is something that the government has been studying for some three years. Broadly it would mean that counties would be set up in place of Municipal Districts and School Divisions. This bill aroused a good deal of criticism from the opposition and even from some of the party members. Mr. Halmrast was one of those who felt that the Government should tread lightly. As a result of this opposition the Government decided to set up four counties on a trial basis for three years. This will give everyone a chance to observe this form of government in action and they will be able to judge for themselves the benefits to be obtained. At the end of this trial period a plebiscite will be taken which will indicate to the Legislature its future course.

Of interest to our local people was the information that the government had set up a three million dollar revolving fund to assist school boards in the building of new schools. It is understood that a board may borrow with no interest up to twenty-five per cent of the money requirements from this revolving fund. They are only required to pay back twelve and one half per cent of their loan in ten equal annual installments. The other twelve and one half per cent becomes an outright grant from the Province. It was also interesting to learn that a five million dollar fund has been set up to assist Municipalities, Cities, Towns and Villages in providing public utilities and improvements. From this fund the civic bodies may borrow at an interest rate of two per cent. The loan must be completely paid back in twenty years. This fund will be added to annually. A question was asked at this point concerning the sewer debentures for the Town of Raymond. Mr. Halmrast promised to inquire if it would be possible for the Town to recall their sewer debentures and borrow from this Provincial fund. If this were possible it would be advantageous to the town because the two per cent interest rate applicable to loans from this fund is lower than the interest rate on the sewer debentures.

(continued on page three)

Calling Shower

Mrs. Wanda Holland McKeen was guest of honor at a calling shower held in the Legion Hall recently. The Ladies Auxiliary and the girls of the Treasury Branch were sponsors.

Miss Pat Holland received and arranged the many beautiful gifts while Mrs. Nadine Brown was in charge of the Guest Book.

A tasty lunch was served.

Music Festival

The championship High School Girls basket ball team sponsored a very fine Musical Festival under the capable leadership of the music teacher of the schools, Mrs. Velma Redd. Mrs. Redd has taught music in the schools for many years and the public little realize the extra time and effort put forth by our obliging and hard working instructor and how much talent is brought to light by her work. It is an inspiration to see the children respond to her leadership even to the expression on their faces. There is indeed a love shown for their leader.

The following numbers were presented:

First Part

Mixed Chorus - High School - O Lord Most Holy.

Tenor Solo - Laurie Harker - A Highland Pastoral.

Duet - Janice Vanderhilt and Jolayne Rowland - Rose Tree.

Boys Solo, Div. 1 - LeRoy Gourlay - China Dog.

Girls Solo, Div. 1 - Migaye Akune - Bantam Hen.

High School Chorus.

Second Part

Public School Chorus - Dream Ship and Lass of Richmond Hill.

Girls Solo, Div. 2 - Fern Dahl - Clouds.

Duet (in the form of a round) Reiko Mori and Sachiko Fujikawa.

Boys' Solo, Div. 2 - Arthur Hudson - The Hedgehog.

Duet - Pat Strong and Karma Woolley - Green Fire.

Third Part

Boys Chorus

Boys Solo - Dolan Pack and Jimmy Walker both sang "Argus".

Girls Solos by Carol Holmes, Mildred Hribinak and Thedora Meeks.

Girls Trio - Margaret Jacobs, Maxine Dahl and Grace Selman - As Mary Sings.

Division 3

Girls Chorus.

Girls Solo - Irene Horvath.

Boys Solos by Lalton Woolley, Tom Wood and Jesse Gibb.

The proceeds of this program will be used to buy jackets for the girls basketball team.

(By Deb. Thompson)

On behalf of the Canadian Legion we would like to extend our wishes for success to Comrade Ron Watson who has recently taken over the business formerly known as the Raymond Cartage. Ron gave several years of service to his country and is now prepared to serve the people of Raymond. One of Ron's first jobs since taking over the business was to haul the litter away from behind the Legion Hall and he will soon be bringing in the drift soil for the bowling green. We are sure that as soon as the materials are there that a lot of veterans will be turning out to help complete the project. So far keen interest has been shown by many and we have no doubt that many more will become interested as the season advances.

A Brush Tea was held at the home of Mrs. Hazel Rebalkin on Monday evening with Mrs. O'Brien of Lethbridge demonstrating the wares. The prizes for Bingo, which started the evening, went to Hazel Rebalkin and Helen Piepgrass. Roxie Hamilton won the door prize.

A tasty lunch was served by the hostess.

Prize Winners

Want to know who won the prizes in the Sadie Hawkins horror costume parade? Twas none other than Vede Ghehrst, Doran Flexhaug, Jean and Irene Duncomb, Barbara Stone and Joanne Brandley.

Do you think the teachers knew to whom they were speaking in class? Tis doubtful after seeing masks, protruding teeth, otherwise dainty, feminine gals dressed as some horrible Dogpatch apparition, some good looking young men dressed, not as Lil' Abner, but someone with a huge nose, blonder curls and bulges where there shouldn't oughta be any.

Rural Electrification

Work has commenced on the Raymond Rural Electrification Association project that will bring electricity to 77 farms in this district. This power will be transmitted over 80 miles of wires. The construction work is being done by Calgary Power Ltd. and it is hoped that the project will be completed by early summer.

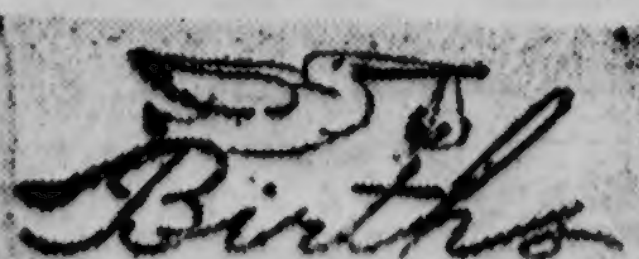

The Board of Directors of the Assn. wish to announce that applications for electrification will be accepted only as long as the construction crew is in the district. Once the scheme is completed and the crew leave it may be several years before they return so anyone thinking of having this work done is advised to make application immediately.

A Message for You

We have at last got a paper out on Thursday! Even though the last part of it may have been done after most of you were in bed we did it once anyway. You may have noticed in this issue and the one last week that a lot of "canned" news has been included. This is not by choice but of necessity. In our first six issues we gave you news of and about Raymond even if we had to hold the pages open until late Saturday night. To lighten the load we decided to include as much canned news as was necessary so that we could put our paper to bed on Thursdays. We hope that you will give us your co-operation in getting your news into the office early. Please don't be bashful or backward in handing in news of you or your family—it makes interesting reading and we have no reason to tell where our news comes from anyway. We earnestly solicit your help in making this "Raymond's newspaper".

Yours sincerely,
Max and Roxie

Mr. and Mrs. A. W. Hills announce the birth of a daughter on April 23 in Camrose. Mrs. Hills is the former Lucille Larsen.

To Mr. and Mrs. Keith Turner - a girl, April 29.

To Mr. and Mrs. Dallas Liddle - a boy, April 26.

To Mr. and Mrs. Bill Witbeck - a boy, May 3.

Ladies Entertained

Reading really paid off for the ladies of the Third Ward Special Interest class. Early in the year a contest was started to see which group, ladies or men, would read more of the M.I.A. reading course, the book of Mosiah, during the year. The ladies won so were royally entertained by the men at a party held April 27 in the recreation hall of the Third Ward. Lyman Jacobs was Master of Ceremonies for the program which consisted of humorous games and stunts and also talks given by two returned missionaries, Lee Fairbanks and Reid Zemp.

Mrs. Walker, class leader for the year, was presented with the volume, "The Sermons of Melvin J. Ballard" as a token of gratitude from the class. Presentation was made by Mrs. Melba Melchin.

Lunch and community singing finished off the evening.

Benediction was by Pres. Walker.

Co-operative Shareholders Meet

A special meeting of the shareholders of the Raymond Co-operative Cheese Factory was held on Monday evening in the Town Hall with Pres. L. A. Wood as chairman. A resolution was passed unanimously to liquidate the assets and liabilities of the organization and dissolve the association. The conditions and terms of the sale to be decided by the Board of Directors. The assets include the brick building and the cold storage plant with 300 lockers.

The Co-operative was organized and the stock sold in 1941. Cheese was produced for three years and then due to lack of milk the machinery used for the production of cheese was sold and the building leased to H. Piepgrass who has carried on the cold storage business. The canning equipment of the Taylor Stake was moved from the Opera House to the factory building where it is still housed. The Government Egg Grading Station is also in the building and is operated by Mrs. George Erickson.

Officers of the present board of the Co-operative are: L. A. Wood, Pres., Bruce Galbraith, Vice-Pres., L. D. Watson, Sec.-Treas. and four Directors S. C. N. E. Gray, Louis Brandley, Wm. W. Wilde and C. O. Nalder.

Rod and Gun Club

A special meeting of the Raymond Rod and Gun Club was held in the Town Hall on April 24 for the purpose of making plans for re-organization. President Roi Stone was in charge of the meeting. Two members of the Magrath Rod and Gun Club were present and offered to include Raymond sportsmen in their organization should the local club be disbanded. This however was not the case as it was decided to reorganize under the name of the "Raymond Fish and Game Association". The date of the election meeting was set for Tuesday, May 9th at 8:30 p.m. in the Town Hall. A full representation of local sportsmen would be appreciated at this meeting to elect a strong board of officers for the new organization. A membership drive is now in full swing with many interested sportsmen having membership cards for sale, any of these men will be glad to be of service to you.

While at the meeting the two Magrath sportsmen gave interesting and informative talks on club elections and the activities of their club in Magrath.

Mrs. Will Selman is visiting her son and daughter-in-law in Calgary.

Miss Rae Jensen of Calgary was a week-end visitor here.

The Raymond Recorder

An Independent Weekly published Thursdays at Raymond, Alberta
 Max Hamilton, Editor and Manager
 Subscription rate in Canada \$2.50 a year. Elsewhere \$3.00 a year.

 Authorized as second class mail, Post Office Department, Ottawa
 Advertising rates on application.
 Serving one of Canada's richest irrigated mixed farming districts.

ASSETS FOR SALE BY TENDER

The Board of Directors of the Raymond Co-operative Cheese Factory Association Limited call for tenders on their existing assets including Lots 6 and 7, Block 3, Raymond. Lot 6 is a choice business building lot and Lot 7 has on it a Large Cinder Brick building 50 feet by 160 feet, housing at present as a going concern:

- A Cold Storage Locker Plant of 300 lockers
- An Egg Grading Station
- Two large insulated storage rooms
- A large warehouse
- A smoke house
- A Steam Generating Plant

This building is connected with the sewer and is ideally located in the Business Area. A personal inspection of this property is invited. Further details may be had by contacting Mr. L. D. Watson, Sec'y-Treas.

Each tender must have attached thereto a certified cheque for 10% of the tender. Deposits on unaccepted tenders will be returned. The balance due on the accepted tender is payable in cash on transfer of title. The highest or any tender not necessarily accepted.

Tenders must be submitted not later than 7:30 p.m. of May 19th to Mr. L. D. Watson, Raymond, Alberta.

Oil makes a country strong

Try to imagine life without oil! Oil supplies one-quarter of all the heat and power we use . . . in home and factory, on farm and highway. It helps us live better.

For years Canadians have had to depend on foreign countries for almost all the oil they used. Now, after a long and costly search, big new fields have been found in Alberta.

The more oil we produce right here in Canada the stronger we will be. Already the new discoveries have made thousands of new jobs. Millions of U.S. dollars once needed for imported oil are now being saved by the new oil fields, and the prairie consumers are saving money too.

In order that Canadians may reap further benefits, Alberta oil must reach new markets. It must be moved to eastern Canada—2,000 miles away—where it must compete with oil from other areas. That means holding transport costs down to a minimum.

To bring Alberta oil east a tube of steel will span one-third of the continent—from Edmonton to Lake Superior. It is taking shape now. To carry the oil on to Ontario refineries, the largest inland tankers ever built are being constructed in Canadian yards.

There's a big job still to be done before the full benefits of the new oil discoveries reach all Canadians. But the job is being carried on with increasing benefit to all of us. Oil is strengthening the nation.

This advertisement is appearing throughout Canada in daily and weekly newspapers

Bringing you oil is a big job...and a costly one

IMPERIAL OIL LIMITED

Mr. and Mrs. Jim Smith and small daughter of Cardston visited at the Louisa Fisher home recently.

Mr. and Mrs. Eddie Lamarr of Calgary were week-end guests at the home of Mr. and Mrs. Ted Meeks.

Mr. and Mrs. Glenn Meeks had as their week-end guests, Mr. and Mrs. Charles Cooke of Lethbridge.

Gardening

Avoid These

Probably the most common mistake of the new gardener is to plant or sow too close together. The result is spindly, deformed growth with little chance for maturity.

Even the tiniest flowers require proper spacing. The little edging plants like alyssum, for instance, will make a far better showing, with sturdier plants and bigger flowers, if they are thinned to a couple of inches or so either way. With tiny seed it is almost impossible to space when sowing, and even if it was, some of the seeds might not germinate and then there would be gaps. To spread thinly, however, old gardeners make a practise of mixing the very small seed with a little sand or soil, then sowing the whole mixture over the ground.

A good general rule in spacing is to allow half as much room between as the plants, bushes or trees will be at maturity. For potatoes this will mean about a foot or eighteen inches between hills, for corn a bit more than this, for the medium height flowers such as zinnias, stocks or marigolds, from 10 to 15 inches. The same rule holds good for shrubbery and trees if they are to have room to develop properly, as well as beautifully.

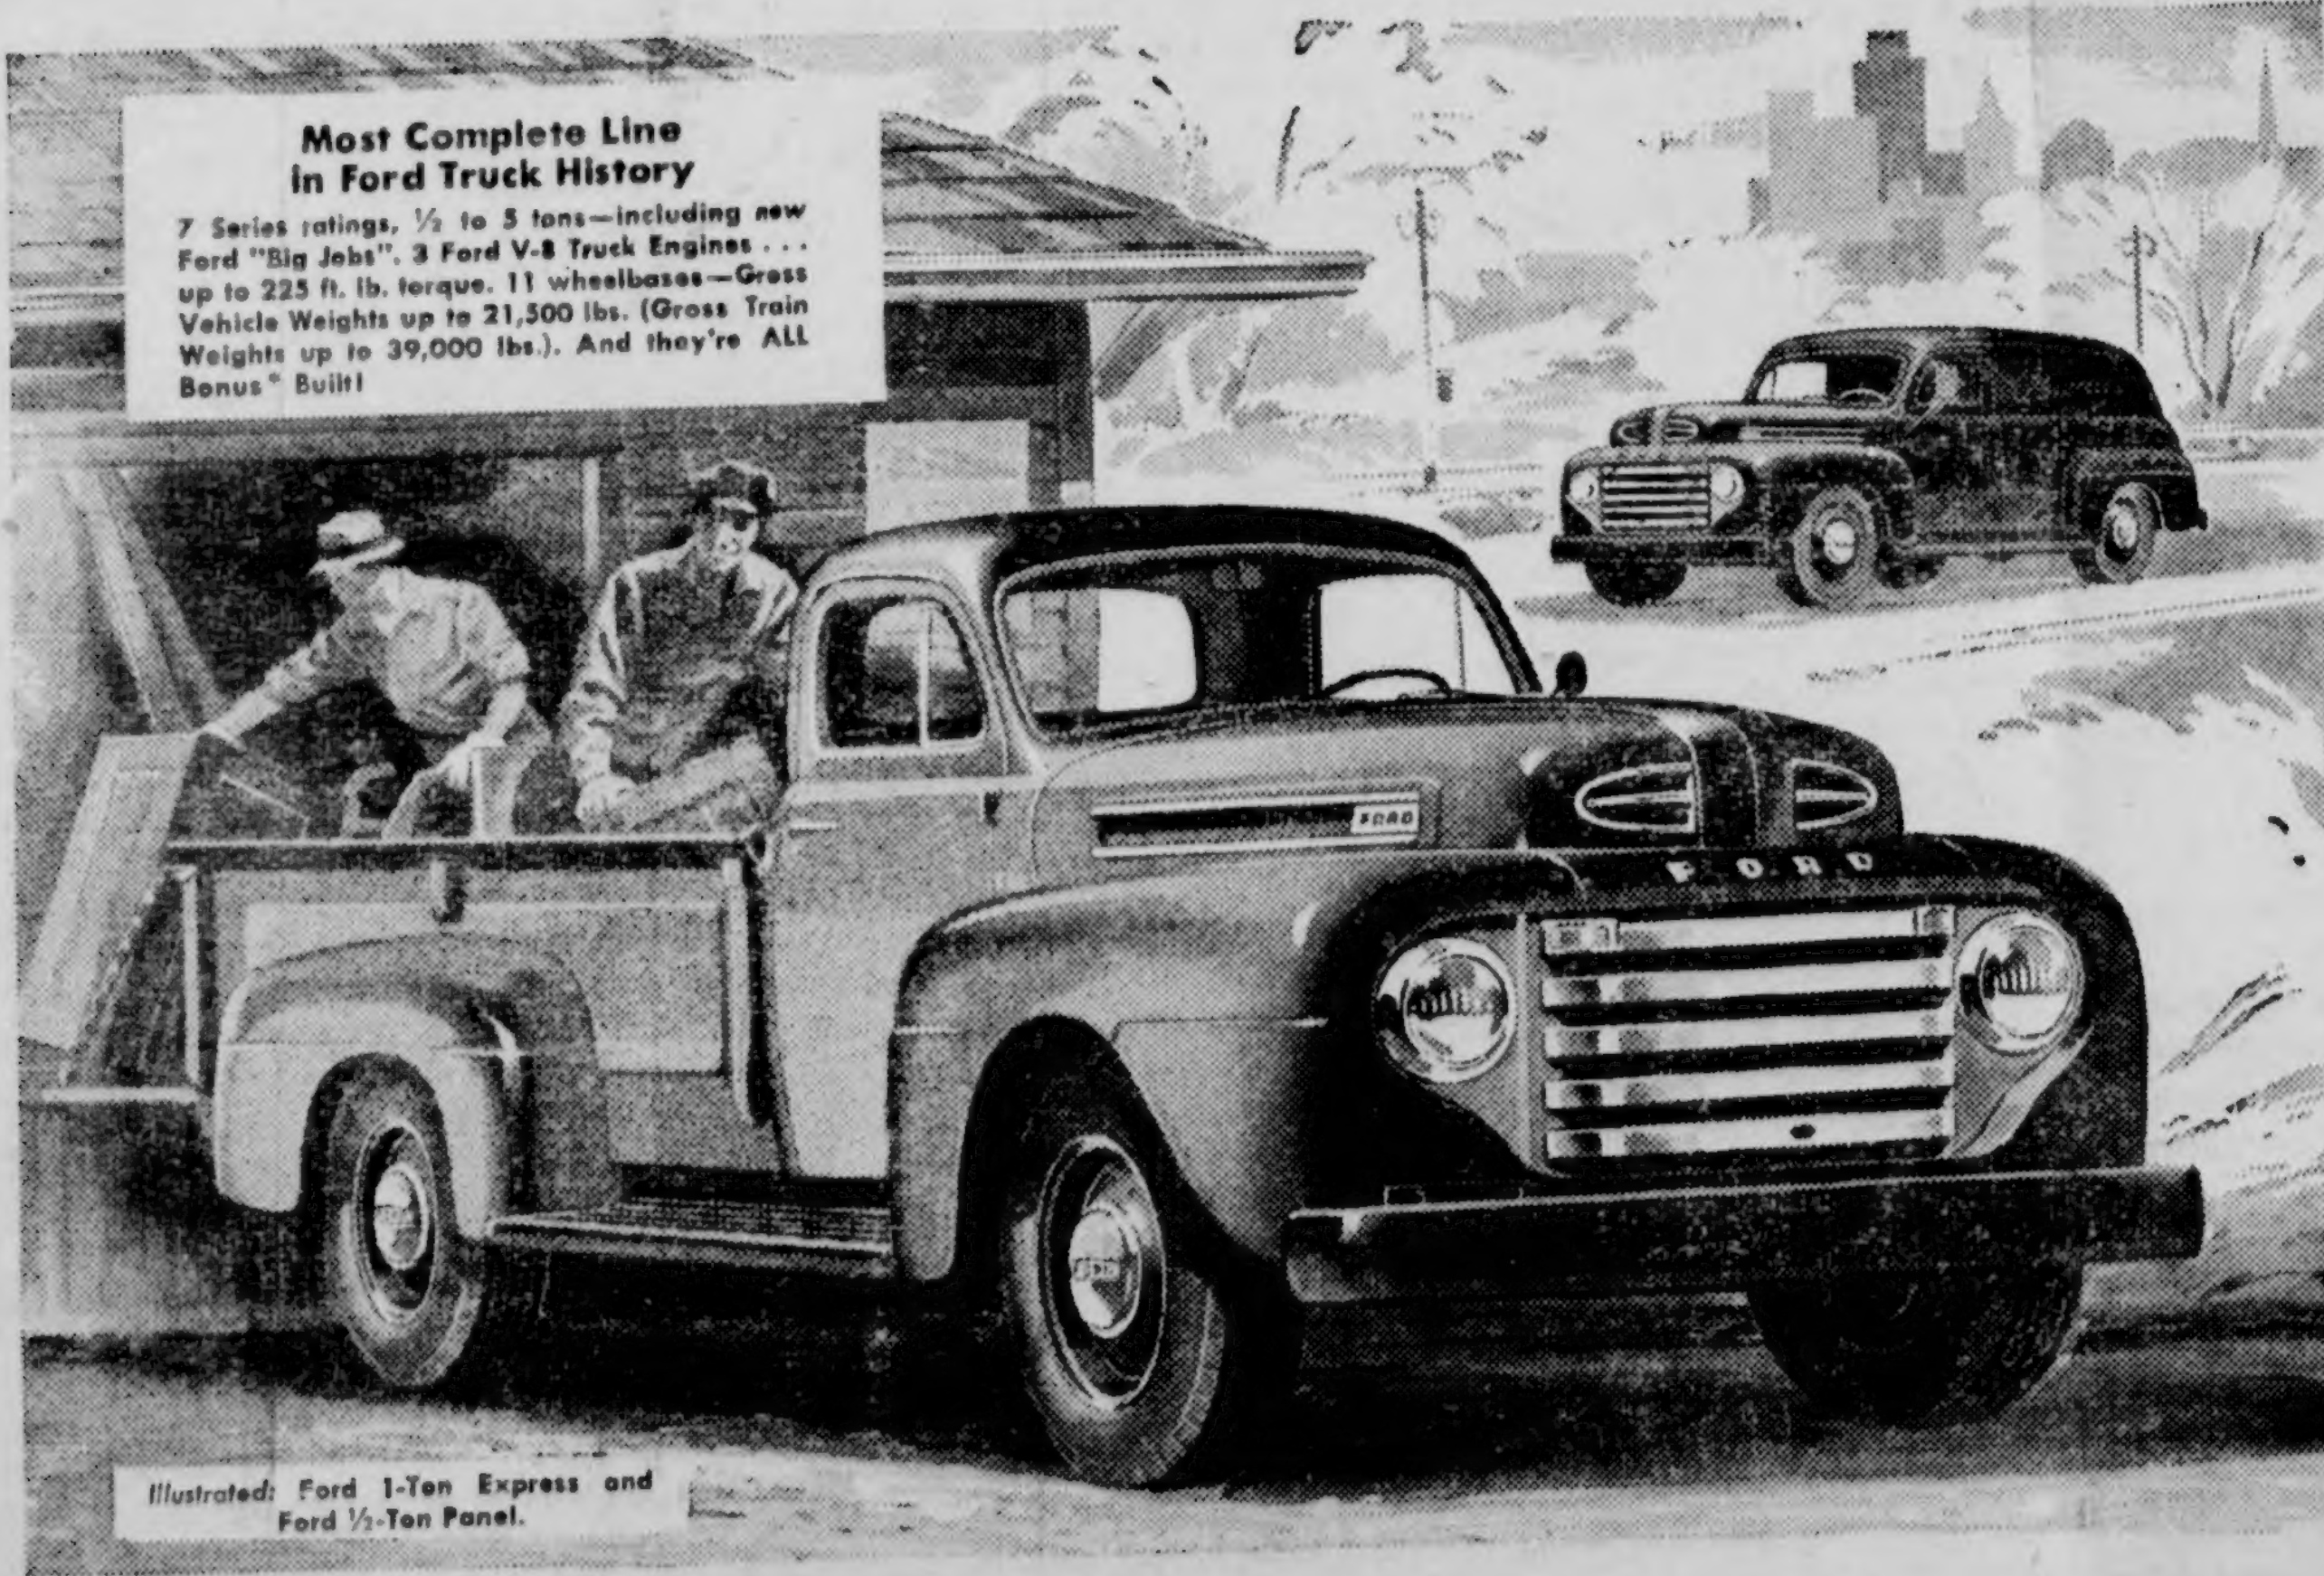

With vegetables like beets, carrots and other small seed sorts which one cannot and should not sow too sparingly, thinning induces speedy growth which means tenderness. With the first two or three named one can thin at first only an inch or so apart, then later thin again and use what is taken out as a first crop.

For depth in planting the general rule is three times the diameter of the seed or bulb. With lettuce, carrots, turnips, alyssum, popples and portulaca - this means merely pressing into the soil. With nasturtiums, peas, beans and corn one half an inch is about right. Gladioli, potatoes, dahlias etc. are planted about six inches deep.

—Canadian Seed Trade Assn.

Deliverymen say: FORD TRUCKS

Last Longer!

And now they're lower-priced! New lower prices on all Ford 1/2-Ton and 1-Ton Trucks make them even greater favorites in their class—add greater savings through lower operating cost, lower upkeep and longer life. **Haul MORE for LESS!** Pickup-and-delivery operators prefer Ford units because they combine maximum load space and loading ease with easier handling in traffic—easier parking—easier turning in the "tight" spots. They're smart-looking, too—a distinctive "ad" for any business.

V-8 Power . . . Bonus* Built Construction. Whether you choose the 1-Ton Express or 5-Ton "Big Job", your Ford Truck is powered right for your hauling job . . . famous V-8 Truck Engine gives you low-cost operation. And every Ford Truck, regardless of price, is Bonus* Built . . . built stronger to last longer . . . with extra sturdy construction and extra "work reserves" in every vital part. See your Ford Truck Dealer . . . get full details on the complete Ford Truck line, 1/2 to 5 Tons.

*BONUS: Something given in addition to what is usual or strictly due. —Webster's Dictionary

ROTE SPOKES

(continued from page one)
 From this point Mr. Halmrast turned to the Tourist Trade of the Province. It is estimated that this year about 800,000 tourists and visitors will enter the province. This influx will approximate the population of the province. They will consume about \$2,500,000 worth of our products. This means that we have a market for that amount of goods that is consumed and taken out of province by tourists. It further means that we have that much less to worry about as exports.

Roughly 450,000 cars will pass through our ports of entry this year. It is estimated that if they average 20 miles to the gallon and 200 miles of provincial road travel each, the province will collect about \$250,000 in gas tax.

Tourists spent more than \$17 million in the province last year. One fourth of this went to retail stores; twenty-two cents of each dollar to the restaurants and seventeen cents to the hotels, tourist camps etc. The balance of the dollar went into transportation, planes, trains and gas for automobiles. In 1936 the tourist spent \$6.80 per person in Alberta. In 1948 we find that this has increased to \$22.40 per person or a total of more than \$17,344,110. Mr. Halmrast felt that by providing more and better accommodations this annual tourist expenditure could easily be increased to \$100,000,000.00. He pointed out that the establishment of one ski chair lift at Mount Norquay, at Banff, has extended the tourist season there throughout the year. We were pleased to learn that the tourists consider the people of Alberta friendly, considerate, courteous and helpful in every way. They are pleased to come back year after year. We must make Alberta attractive to them.

Continuing, our speaker stated that the Provincial road program will provide an adequate network of roads to facilitate travelling for the tourist. Twelve million dollars will be spent on construction of new highways in the province this year. There will be more hardsurfacing done in the south. The road from Winnipeg to Taber will be completed, thus enabling the motorist to travel from the east to the west borders of our province on hardsurfaced roads. They already can travel from our southern border to the capital on the same type of road. The MacLeod-Cardston section will also be hardsurfaced this year. This program will assist travel in the south for all motorists.

The speaker then brought up the road that is closest to our hearts. That is the stretch from Lethbridge

to Welling, Raymond, Magrath, Spang Coulee and Cardston. He pointed out that there is heavy traffic on this route and it should be given every consideration for hardsurfacing at an early date. He also pointed out to the club that we need this stretch to complete the south road picture and stressed the point that all interested civic bodies should continue to agitate for this work to be done.

The Minister of Public Works has announced that 285 miles of roads in the Province will be hardsurfaced this year at a cost of from \$20,000 to \$25,000 per mile. He, Mr. Halmrast, assured the club that the Minister of Public Works had promised him that the road from Raymond to the Welling junction would be brought up to grade, gravelled and prepared for hardsurfacing this year. It is interesting to note that surveyors are now laying out this road. Mr. Halmrast in concluding pledged his continued efforts in obtaining for his constituency improved roads or whatever any desired requirements were needed.

President Stewart Card, on behalf of the club, tendered Mr. Halmrast a hearty vote of thanks for his very informative address.

Until next week same time, same place this is your Rote Reporter to whom it seems most of us wish, we're just as good as anybody else but, unfortunately, our opinion does not prevail.
